**283** **Pubic Session**  
John from Lakeside Avenue complained about the amount of rubbish in Eldene and asked why there were not more bins around the community centre. Cllr Parry stated that since the Parish inception, more bins than ever had been installed in the Parish. With the new budget available from 1<sup>st</sup> April, this would allow the Parish to install even more bins. When the shops had been removed, a couple of bins had also been removed as these had belonged to the shops. There was also a fly tipping issue, which was why further down the agenda there was a motion to purchase a new security camera which would be installed in the car park adjacent to the pub, to try and catch who was continually doing this and try to get this to lead to a prosecution. John also asked whether it would be possible to get the barrier put back to stop cars parking on the area adjacent to the community centre. This was an accident waiting to happen with children, stones and vehicles. Cllr Parry said he would speak to Swindon Borough Council about this. Cllr Solomon asked that the Clerk circulate how many bins there currently were in Eldene.

Tony, Haynes Close, Eldene asked for an update on the centre island of Shaftesbury Lake. The Clerk confirmed that this would be done on Friday 1<sup>st</sup> March. Tony also stated there was a problem with the collection of the orange boxes which compounded the litter problem – lids were removed by the refuse teams and then they went to the lorry to empty and obviously on a windy day this led to rubbish being strewn around. Cllr Parry stated that the teams had been trained to pick up any rubbish on the ground but admitted that this was not always done.

Tony thanked the Parish Council for cleaning behind the bench but said that the bushes need the litter removed. Cllr Parry stated that the area was cleaned every week, and also machine swept but not every week.

Tony from Ecklington said he was sure him and his neighbours would be keen to litter pick on a regular basis. Cllr Parry stated that litter picks were available from the Clerk in Liden Library. We already had some volunteers who did this, and the Parish contractor would pick up the rubbish from them. Ron from Eldene also mentioned that there was a bicycle in Nythe pond. Cllr Parry stated that the environment agency would be contacted.

Cllr Bell stated that he had now been appointed as a Trustee, as per a request by the Parish Council at a previous meeting. He also confirmed that any monies the Parish Council gave, would be used exclusively for Liden Library. Cllr Bell stated that following a look at the accounts, there was a breakeven point for the Library Trust in years 3-4, therefore funding from the Parish could then be reduced. Cllr Solomon asked how much money the Parish were giving to the Trust. Cllr Parry confirmed that the grant is £6,500 p.a. plus the additional grant of £5,000. The rent is separate which is an additional £6,500. The additional grant had been agreed at a previous meeting, but this had only been approved for 12 months, and would be discussed again in the following financial year. Cllr Parry confirmed that there were currently only 3 Trustees. Cllr Cockbill stated that he had not received confirmation of who the Trustees were, as per a previous meeting request.
